

## Key Capital Awarded Three Financial Service Deals by Finance Dublin

Key Capital has been recognised among the 2021 winners in the Finance Dublin Deals of the Year Awards in the category of Financial Services (Ireland and International). As advisor to the Carlyle Group, IPSI and Centaur, the firm has secured its position as a leader in Ireland in advising companies in the technology-enabled services and financial services industries.

### Colin Morgan, CEO commented;

“We are delighted to be part of the success of our clients with the Finance Dublin awards. Despite the many challenges arising from the COVID pandemic last year, the team closed five M&A deals worth over €400 million in the financial services sector alone. Financial services M&A transactions are typically complex and it was a testament to the team’s expertise and agility in managing multiple parties and legal processes in different jurisdictions. The team has gained unlevelled expertise and understanding of the buyer behaviour, which is crucial in creating effective M&A strategies for our clients.”

### Finance Dublin Deal of the Year Awards 2021 - Key Capital

- **Irish insurance market:** Acquisition of majority stake in AA Ireland from Carlyle/Cardinal Capital
- **Private Equity, Funds Industry:** Equity Investment in Centaur
- **Acquisition, Irish IFS:** Irish Life’s sale of Irish Progressive Services International (IPSI) to FNZ

### ABOUT FINANCE DUBLIN

The Finance Dublin Deals of the Year Awards recognise the best in class Irish corporate finance deals each year. It profiles the leading deal makers and advisers in the Irish market and also serves to highlight the world class professional services expertise that exists to service Ireland's corporate and financial services sectors.
